LugBackup

Backup script for Lugdunon
Official support sites: [Official Github Repo](#) - [Official Forum](#)

i. Edit the settings at the top of lugbackup.pl

ii. create a cron job like this:

```
1 1 * * * /home/lugowner/LugBackup/lugbackup.pl
```

iii. This will back up your game at 1:01am each day, and keep the last 5 backups.
